## A World of Winsome Christmas Wishables

**A** World of winsome Christmas wishables for man, woman, boy and girl—a wondrous Christmas treasure-house, in which myriads of fascinating, tempting gift goods fill every shelf, counter, nook and corner—these phrases only faintly describe the wonderful attractiveness of THE RACKET in its Christmas regalia. The Christmas spirit permeates every inch of this big store. Thousands of different articles splendidly suitable for Christmas giving are shown in the different departments. It is impossible, owing to limited space, to enumerate them all, so we can only hope to indicate here in a general way some of the supremely important attractions in our Christmas showing; and to most earnestly and cordially invite every person reading these lines to come to THE RACKET, to make themselves perfectly at home and stay as long as they please, and to look, price and admire to their heart's content. Do not spend a penny for Christmas gifts until you have seen THE RACKET and all the Christmas wonders it has on display.

### The Wonderful Christmas Toy Show—A Fairyland of Joy

Of course, all the other Christmas features of the store pale into insignificance compared with the Christmas Toy Show. Big space is devoted to it and it is unquestionably the grandest gathering of Toys, Dolls and Playthings of every conceivable sort that Albuquerque has ever seen. Every Toy that fancy can conceive and ingenuity can create is here. Children can spend hours of delight in wandering through the aisles crowded with the wonders of both European and American toy-making. And grown-ups find it almost equally interesting to inspect the great assortments and marvel at the mechanical ingenuity displayed in modern toy-making. Send the children in to see this splendid Toy Show; and their verdict will convince you once and for all that this is assuredly the place to come to pick out the Toys, without which any child's Christmas would be so sadly incomplete.

#### A Word as to Our Holiday Prices

Some stores get good, big, juicy profits at Holiday time, trusting to the good nature of buyers to buy Christmas goods at no matter how exorbitant a profit. THE RACKET does not pursue this policy; on the contrary, we strive to make our prices even lower at Christmas time than at other seasons, so as to make permanent customers out of the many visitors who are not accustomed to trading here. On almost everything we offer, you will find our prices decidedly the lowest in the city—grade for grade. Call at our store and be convinced.
